

# INTRODUCING THE DATA PROTECTION & GOVERNANCE ASSESSMENT

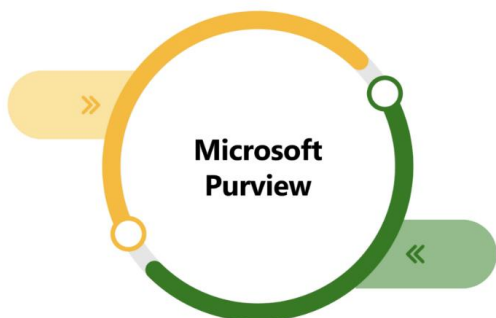

**Protect your data so that your data protects you!**

Get help assessing your company's data compliance and IT governance policies against current best practices.

With the Data Protection & Governance Assessment our experts will guide you through our detailed, four-phased approach

- 1 Planning**  
Help you identify your current concerns, business goals, and objectives
- 2 Data collection**  
Give you a clear picture of your organization's maturity level
- 3 Data analysis**  
Identify areas for improvement across the organization to identify the data governance practices for you and minimize vulnerabilities
- 4 Action**  
Implement a strategic 3 phase plan based off CIS controls

**Risk & compliance**  
For risk, compliance, and legal teams

**Unified data governance**  
For data consumers, data engineers, data officers

*Take the next step today!*
